Didsbury Oil Co. Give Contract for Drilling.

Thoroughly impressed with the importance of the Sunburst oil field, situated in the state of Montana, A. McNaughton and Alex Guy returned from there to Didsbury last week and made the announcement that they had arranged a drilling contract in behalf of the Didsbury Sunburst Oils, limited, and that operations will be commenced this month on their lease.

The holdings of the local company comprise forty acres in what is known as the Sunburst Oil and gas field, situated about eight miles east of Klevire, Mont., and twenty miles south of the boundary line.

Mr. McNaughton states that following a lull during the winter months there is now considerable activity in that part of the field adjoining their property. A number of wells comparatively close by are producing. Among these, about a quarter of a mile away, is the Adams-Hibbing gusher. In all, there are now about 452 wells in the field actually producing oil.

The contract for their first well has been given by the Didsbury Co. to W. A. Elliott, who is now making arrangements to commence operations. The cost to complete the well, including casing, is approximately \$8,000.

It may be added that up to the present, production is found in what is known as the Ellis sand immediately above the Madison lime formation, the average depth of the producing well being about 1500 feet.

500-Barrel Well at Kevin.

Word has been received of a new well being brought in four miles west of Kevin, Mont., having a production of 500 barrels a day. It was obtained at a depth of 1760 feet and was found on the Ellis sands. This means the opening up of a large new producing area in the Kevin-Sunburst field.

Rugby.

The regular monthly meeting of the Rugby Women's Institute was held at Mrs. J. Hosegood's. Owing to the cold wind which was prevalent, the attendance was low.

After the business was transacted, the subject "Education and Better Schools" was taken up by Mrs. E. B. Parker, who read a very interesting paper in this connection, dealing with Miss A. Marty's work on the reformation of the present system of education.

Several musical numbers followed and the meeting closed with "God Save the King" and lunch.

Don't forget our next meeting at Mrs. J. Hughes' on May 6th.

ALBERTA LEGISLATURE
What is expected to be the second last week of the present session of the Alberta Legislature saw a varied grist of business pass through the legislative mill.

The Burnside U.F.A. will meet next Monday evening, April 12th, in the Lone Pine Hall. There will be a short program and lunch after the business is concluded. Everybody is cordially invited to attend.

Mrs. Blain of Okotoks, who has been visiting her daughter, Mrs. Alex Leiper, has returned home accompanied by her small grand son, Robert Leiper.

Young vigor to old folks

"My nerves were unstrung and I used to tremble all over. I lay awake at night; rose exhausted each morning. Tanlac restored health and appetite. I am 71, but now eat and work as well as 20 years ago." Harry Johnson, 53 Elm St., Windsor, Ont.

One of Tanlac's greatest blessings is the new life and vigor it brings to old folks. Every day men and women up in the seventies and eighties thank us for Tanlac's wondrous benefits.

Tanlac is a natural tonic, made from roots, barks and rare herbs. Harmless to man or child. It cleans the blood, stirs up the liver and puts digestive organs in working order.

If your body is weak and rundown, if you lack ambition, can't eat or sleep, you'll be delighted with Tanlac's results. Take Tanlac Vegetable Pills for constipation.

WORLD HAPPENINGS BRIEFLY TOLD

Unclaimed balances in Canadian chartered banks on December 31, 1925, totalled \$2,306,063.51.

David Ross, known as the father of the Irish linen trade, is dead at Belfast, aged 91, after 71 years in business.

Before the board of railway commissioners, Col. J. L. Radston, as counsel for the Maritime Provinces, supported the claims of the Quebec harbor commissioners that the National Transcontinental should be utilized for the eastbound grain trade, for the benefit of Canadian ports as set out in statute.

Neuralgia Conquered Its Pain Destroyed

Magical Results Come When You Apply

NERVILINE

It Acts Quickly

Mr. W. T. Greenway, formerly connected with the Guide newspaper staff, has written: "For twenty years we have used Nerviline in our home, and not for the world would we be without it. As a remedy for all pain, earache, toothache, cramps and disordered stomach, I know of no preparation so useful and quick to relieve as Nerviline." Remember this, wherever there is pain, rub on Nerviline, and you will get prompt results—35c at all dealers.

Of the 667 professions listed in the United States, women are engaged in 632.

A Corrector of Pulmonary Troubles.—Many testimonials could be presented showing the great efficacy of Dr. Thomas' Electric Oil in correcting disorders of the respiratory processes, but the best testimonial is experience and the Oil is recommended to all who suffer from these disorders with the certainty that they will find relief. It will allay inflammation in the bronchial tubes.

When there weren't any nerve specialists, people just had the fidgets and took another dose of calomel.

Cuticura Loveliness A Priceless Heritage

For generations mothers have been using Cuticura Preparations for all toilet purposes and have been teaching their daughters that daily use of them produces clear, smooth skin and healthy hair. They find the Soap pure and cleansing, the Ointment soothing and healing, should any irritations arise, and the Talcum an ideal toilet powder. Sample Pack Free by Mail. Address Canadian Depot: "Bleachery, Ltd., Montreal." Price 25c. Ointment 25 and 50c. Talcum 25c. Cuticura Shaving Stick 25c.

Trades Claim For Oats

Red Lake Prospector Needed Supplies For His Horses

Romances of the gold rush days in the Klondyke are having their counterparts in the Red Lake flurry of today. Like an echo of freak bargains in the old days, comes a tale of a bargain struck in the northern goldfields of Ontario.

Tim Crawley, a youthful prospector, had taken a team of horses into the outer regions of the Red Lake mining area. He had a small supply of oats and less hay. At the moment when equine provisions are running low, he came in contact with A. H. Farington, pilot of one of the planes that survived the crash.

Crawley entered into a bargain with the airmen. He agreed to stake a claim for Farington in exchange for a bag of oats.

Stories brought from Hudson, Ont., indicate that many similar bargains are being made.

The Sports Type Jumper As Worn In Paris

French fashion creators are still designing delightful two-piece sports frocks, one of which is pictured in this model of washable silk with the over-blouse in large plaided effect. Chic are the pockets and set-in vestee, with collar to be worn high or low. The long sleeves are gathered into cuffs with a rolled edge, and a narrow belt fastens smartly at the centre back with a buckle. Joined to a camisole top is the skirt with box-plaits at front to supply fullness, yet retain the desired straight effect. No. 1261 is in sizes 16, 18 and 20 years, or 34, 36 and 38 inches bust only. Size 18 years (36 bust) requires 4 yards 36-inch, or 2½ yards 54-inch material, with ½ yard lining for camisole top. Price 20 cents.

Our Fashion Book, illustrating the newest and most practical styles, will be of interest to every home dressmaker. Price of the book 10 cents the copy.

It has Many Qualities.—The man who possesses a bottle of Dr. Thomas' Electric Oil is armed against many ills. It will relieve a cough, break a cold, prevent sore throat; it will reduce the swelling from a sprain, relieve the most persistent sores and will speedily heal cuts and contusions. It is a medicine chest in itself.

Some men earn their living by selling taffy and others by giving it away.

Minard's Liniment for sore throat

Claims Stomach Souring Causes Bad Breath

New York City. Mr. Ben Loehde, writes:—"I was formerly a victim of constant upset stomach, bad taste in the mouth and very disagreeable breath. My bowels were constantly constipated and nothing helped except temporarily. After using Carter's Little Liver Pills I have overcome all trouble and I am especially happy because of a sweet, clean, healthy breath."

Carter's Little Liver Pills are small, sugar coated, easy to take by every member of the family. Their action on the bowels is gentle. 25 & 75c red pkgs. Druggists.

Human nature hasn't changed. Old-time boys would have been just like the moderns with the same amount of rope.

A SPRING TONIC AN AID TO HEALTH

You Can Lay the Foundation of Good Health Now by Building Up Your Blood and Strengthening Your Nerves Through the Use of Dr. Williams' Pink Pills.

The good old fashion of taking a tonic in the spring time, like most of the customs of our grandparents, is based upon sound common sense and good medical practice. Winter is always a trying time for those who are not in rugged health. Many men, women and children go through the winter on reserve strength they have stored up during the sunny summer months, and grow increasingly pale and languid as the spring days approach. A tonic for the blood and nerves at this time will do much to such people, by putting color in the cheeks and banishing that tired feeling that worries thousands of people at this season of the year.

It is impossible to be energetic if your blood is thin and weak, or if your nerves are frayed or shattered. You cannot compete with others if you do not get refreshing sleep at night, or if your appetite is poor or you are losing weight. You need a tonic at this time to add to your efficiency now, as well as to save you from suffering later on. And in all the realms of medicine, there is no safer or better tonic than Dr. Williams' Pink Pills. These pills tone and enrich the blood which circulates through every portion of the body, strengthening jaded nerves and rundown organs, and bringing a feeling of new strength and energy to weak, easily tired, despondent men, women and children.

Miss K. Sirols, Kamouraska, Que., says:—"I would feel that I was neglecting an opportunity to help some other poor sufferer if I failed to tell you how much benefit I had through the use of Dr. Williams' Pink Pills. Before taking the pills I was in a badly run-down condition. I was very weak, pale and breathless at the least exertion. I often had headaches and my appetite was poor. I began taking the pills and they restored me to better health than I had enjoyed for a long time; in fact, my health is now the best, and I am sure that what this medicine has done for me it will do for all weak, ailing people."

You can get these pills from any medicine dealer, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"There are no birds in last year's nests," says a poet. True—and there are no nests for next year's birds.

Her Heart Palpitated She Had Fainting Spells

Mrs. J. Wilson, Port George, N.S., writes:—"I suffered from palpitation of the heart and fainting spells, and at times, I could not be left alone I was so nervous.

My trouble was caused from over-work and worry, having been left alone with a large family.

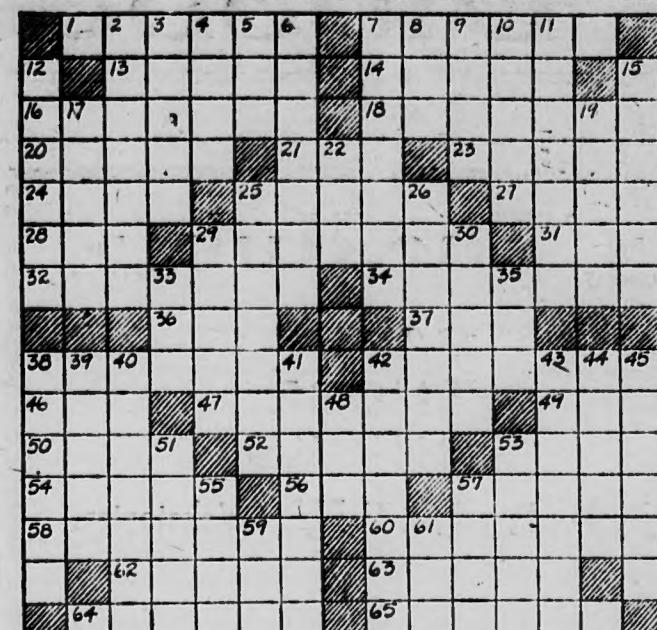

I had tried everything, without any relief, but I know, to-day, that I would have been a nervous wreck but for your wonderful

These Pills are for sale at all drugists and dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Answer to Last Week's Puzzle

SUNDAY SCHOOL LESSON

APRIL 4

JESUS APPEARS TO HIS DISCIPLES (EASTER LESSON)

Golden Text: Because thou hast seen me, thou hast believed; blessed are they that have not seen, and yet have believed. John 20:29.

Lesson: John 20:24-21:25.

Devotional Reading: Revelation 1:9-18.

Explanations and Comments

The Risen Savior Appears to the Disciples in the Upper Room, 20:19-25.

On the evening of the Sunday following the crucifixion, Christ appeared to the disciples in the room where they were assembled. That his body was no longer subject to ordinary laws, is indicated by his sudden appearance in their midst although the doors were closed. "Peace be unto you," was his greeting, and then to convince them of his identity, he showed them his pierced hands and side. The disciples believed and rejoiced. Again he said, "Peace be unto you," and added, "As my Father hath sent me, even so send I you."

An associate and friend of years, Dr. Henry Ostrom, has described an African prince visiting the African settlement at the St. Louis Exposition. He was clad in citizen's clothes, and the people from Africa appeared in their native costumes. When this stranger proclaimed himself a prince they ridiculed him. However, an aged man said, "I can tell whether you are a prince of the royal blood, and he ran his fingers down the back of the neck of the one who claimed to be a prince and found the seal that was there, the mark of his royalty. Then the aged man fell upon his knees with all the others to worship him. And Christ stands before us as the Lamb that had been slain; scars in his hands and feet, in his side and back and on his brow. He is our Redeemer" (Dr. J. Wilber Chapman).

The woman who doesn't understand the art of making over last year's hat should never marry a man to reform him.

Worms in children, if they be not attended to, cause convulsions, and often death. Mother Graves' Worm Exterminator will protect the children from these distressing afflictions.

The man never lived who didn't at some time in his life expect to invent something that would make him rich.

Girls! Your Health!

Mickelthwaite Studio

Toronto, Ont.—"Dr. Pierce's Favorite Prescription is a godsend to women and girls who have become run-down in health. When I was a girl, I became all run-down in health, was weak and nervous, suffered from irregularity, and at times with pains. I was as miserable as could be, when, upon the advice of a friend, I took the 'Favorite Prescription' and it corrected all my trouble. I did not suffer any more, my nerves grew strong, and I gained in health and strength very rapidly. After I married I took the 'Favorite Prescription' and it gave me wonderful relief."—Mrs. Elizabeth Penman, 205 Oak St. All druggists.

Canada's New Inland Empire

Wonderful Opportunity in Peace River Country Says Sir Henry Thornton

Canada's newest inland empire is the title given to the Peace River country. Sir Henry Thornton says: "If only 50 per cent. of the acreage of the Peace River districts were brought under cultivation, more wheat would then be produced than is done at present by the whole of Canada. This country abounds in what the nations of the world want—poultry, cattle, sheep and grain. These are raised in abundance. Here we have another great empire in the west awaiting development, and an empire which will be rich in productiveness in the time to come."

For Sore Throat

take care of myself as well as a family could, and I do."

The elderly man smiled at this. He began to recognize the symptoms. "I am sure of that, my dear," he said softly. "So let's speak of your friends. What kind—I mean have you many?"

She had caught that "what kind." She stiffened in her chair and looked him full in the face. She was embarrassed anew by that curious expression under his gray eyebrows. "I haven't any friends particularly, besides a bunch of boys who are as light in the head as they are on their feet, but if I want any more I'll pick them out for myself."

Graydon darted a quick look at her. He was silent for a minute, toying with a jade paperweight. When he spoke he had resolved evidently to shorten his approach to whatever it was he had to say to the salesgirl from the silk counter who was not disposed to be humble in his presence.

"I must say that you impress me," he said, as if voicing a profound conclusion, as one who would not hesitate to dismiss friends if they were not invited. Again he was silent. Joanna fancied that he was preparing a new method of attack. She built new fortifications around her scruples and waited craftily.

Graydon was still patient. "You have read, I suppose," he said quite slowly, as if he wanted her mind to follow him, "of Cinderella and the Prince who put her foot into the golden slipper?"

"Yes," Joanna replied, "I've read about it—lots. But I'm off the prince stuff, and I put on my own slippers, thank you."

* Then the Old Man laughed, laughed as some of his executives didn't know he could laugh. He dropped the jade paperweight and rose. Joanna rose with him, but he turned to a window and looked out into the skyscraper maze that opened here and there to release a glimpse of an ocean liner ploughing its way down the sapphire river toward the Narrows and the sea.

When he turned back into the room Joanna stood by her chair watching him steadily. He went almost up to her, so close that she had to tilt her face to look up at him. When he spoke again there was a new note in his voice.

"We mustn't fence, Joanna," he said. "I didn't send for you with any idle pretense. I am to have the pleasure of delivering to you a message, a rather interesting message, I assure you. Something has happened to you, or for

you, that so far as I know has never happened to any girl, at least so unexpectedly. First, I am to hand you this."

The sense of impending climax suddenly numbed Joanna's brain. The manner of Graydon had become portentous. She stared, fascinated, while he turned to his great desk.

When he stood over her again she took into her hands, wonderingly, a small, thin book which he silently held out to her. She looked up at him. He closed her fingers about the book and then lifted its cover for her. A folded letter dropped to the floor. Graydon recovered it and, opening it, gave it to her, motioning her to read it.

She saw her name, with the store given as her address.

When she had read the first typed paragraph Joanna, Joanna with the shimmering gold brown hair, clutched frantically as if with her hands to catch her wandering wits. One hand fluttered then to her throat. She swayed. Graydon caught her by the shoulders and guided her as she drooped into her chair.

(To be continued)

Luncheon Clubs Not New Idea

One Which Flourished In Addison's Days Had Queer Rules

The modern luncheon clubs such as the Rotary, Kiwanis and Knights of the Round Table, do not typify a new idea, according to records. Luncheon clubs were well established in Addison's day when the "Spectator's Club" flourished under rules that include: "None shall be admitted into the club that is of the same trade with any member of it; if any member swears or curses, his neighbor may give him a kick on the shins, and if any member tells stories that are not true he shall forfeit for every third lie a half-penny."

Graydon was still patient. "You have read, I suppose," he said quite slowly, as if he wanted her mind to follow him, "of Cinderella and the Prince who put her foot into the golden slipper?"

"Yes," Joanna replied, "I've read about it—lots. But I'm off the prince stuff, and I put on my own slippers, thank you."

* Then the Old Man laughed, laughed as some of his executives didn't know he could laugh. He dropped the jade paperweight and rose. Joanna rose with him, but he turned to a window and looked out into the skyscraper maze that opened here and there to release a glimpse of an ocean liner ploughing its way down the sapphire river toward the Narrows and the sea.

When he turned back into the room Joanna stood by her chair watching him steadily. He went almost up to her, so close that she had to tilt her face to look up at him. When he spoke again there was a new note in his voice.

"We mustn't fence, Joanna," he said. "I didn't send for you with any idle pretense. I am to have the pleasure of delivering to you a message, a rather interesting message, I assure you. Something has happened to you, or for

Allies Allow Germany To Build Zeppelins

Airship Is Designed For Pleasure Trips and Commerce

It is reported from Friedrichshafen that the public subscription in Germany organized by Captain Eckner for the construction of a new Zeppelin has produced so far 2,300,000 marks out of a required total of four millions. Half a million was handed over to the company in order to begin building the airship immediately.

It is understood the allies consented to the construction as the Zeppelin is destined for pleasure trips and commerce.

NABOB VACUUM PACKED COFFEE Kept fresh in the Vacuum Tin

Banish The Blues

By Observing Nature's Basic Rule

Those who suffer from despondency, listlessness and headaches can usually trace the cause of these conditions to constipation.

They are frequently brought about by overwork, nervous strain, lack of outdoor exercise or sleep, or improper food, but more frequently by the non-observance of nature's basic rule—regular thorough bowel elimination.

Poisons from waste matter left behind are picked up by the blood and absorbed by the system, weakening the nerves and lowering the vitality.

Nujol, the scientific internal lubricant, corrects constipation in nature's own way by augmenting the supply of nature's lubricant.

Nujol by softening the waste matter thus permits thorough and regular elimination without overtaxing the intestinal muscles. It is gentle, safe and natural in its action, and can be taken for any length of time without any ill effect.

Ask your druggist for Nujol today and remember—look for the name "Nujol" in red on both bottle, label and package.

LEG SORES

ARE CURABLE. RUN-DOWN AFTER BIRTH OF BABY

Ottawa Woman Made Strong by Taking Lydia E. Pinkham's Vegetable Compound

Ottawa, Ontario.—"I was terribly run-down after the birth of my third baby. I had awful bearing-down pains and was afraid I had serious trouble. I was tired all the time and had no appetite. My sister-in-law is taking Lydia E. Pinkham's Vegetable Compound and cannot praise it too highly and asked me to try it. I have had splendid results and feel fine all the time now. Any one who needs a thorough pick-me-up soon learns from me what to take."—Mrs. RENE PAQUIN, 320 Cumberland Street, Ottawa, Ontario.

Terrible Backache

Hamilton, Ont.—"After my baby was born I had terrible backache and headaches. I could not do my work and felt tired from the first minute I got up. But worst of all were the pains in my sides when I moved about. I had to sit or lie down for a while afterwards. I could keep my house in order, but many things had to go undone at the time, because of my ailments. I was told by a neighbor to take Lydia E. Pinkham's Vegetable Compound, as she said it would build me up. I was relieved before I had taken the first we bought and have not had any trouble like it since."—Mrs. T. MARKLE, 115 Ferguson Avenue South, Hamilton, Ontario.

She answered shortly, "Joanna Manners." She wondered how long it would take him to show his hand. Her resentment grew more bitter each minute. More and more she was convinced that there was only one, and a commonplace motive, for the general reception of a salesgirl, and a pretty one such as she knew she was, by the wealthy, powerful owner of the store.

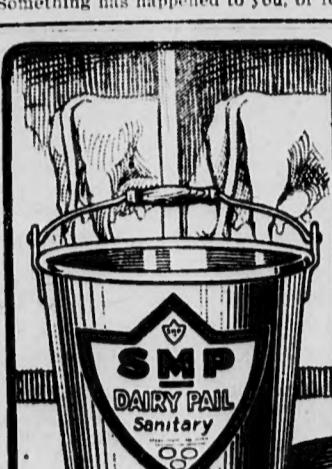

The man across the table settled himself in his chair and faced her. A curious expression played about his gray eyes.

"Ah, yes," he murmured, "Joanna Manners. I understood that was the name. Would you mind, Joanna, telling me where—and how—you live?"

Joanna narrowed her lids. "I live alone, and not in a palace, either. And the rest of it is, I'm satisfied."

Her employer seemed not to notice the irritation. "Then you don't live at home? Not with your family?"

"I haven't any family," she answered him, still biting her words. As an afterthought she added, "But I can

SMP DAIRY PAILS

Announcement.

By Imperial Oil Ltd.

To the MOTORISTS of CANADA.

On the 20th of April we will be offering you a new motor-oil which we sincerely believe is going to set aside all previous standards and introduce an entirely new era in Automotive Lubrication.

Marvelube is the name we have adopted for this new product—the nearest we could come in one word to signifying its marvelous lubricating qualities.

Marvelube is not the improvement of an old oil but the revolutionary discovery of a new. Its production involves system in refining.

Four years ago the scientists of our research department got on the trail of this new principle. Silently they have followed it ever since, testing, experimenting, perfecting, searching for the key that would unlock the ultimate. Last October they found it; and production mean time of an ade-

quate stock to serve every motorist in Canada on the opening day, has been one of the closely guarded secrets of the Imperial Oil family.

Marvelube is a strictly Canadian triumph; the discovery of Imperial Oil scientists in our research laboratory at Sarnia, with no help from the outside world. For its base the ideal was found in a select grade of the world-famous Peruvian crude, the product of a far foreign field developed by Canadian genius and controlled by Imperial Oil Limited.

Its lubricating qualities will recommend Marvelube at once to every motorist who gives it a trial. You will find Marvelube on sale at every Imperial Service station and at the establishments of all good dealers on the 20th of April.

Fill your crank case once. We leave the verdict to you.

Dr. and Mrs. Clark and family are spending a few days in Edmonton this week.

Rev. and Mrs. McNutt and family, leave today, Thursday, for their new location at Hussar, Alta.

J. V. Berscht makes an announcement this week full of importance to the ladies. Read the advt. on page one.

A. E. Schultz, of Calgary, after spending the Easter holidays visiting with his sister, Mrs. W. W. Snyder, returned to Calgary on Tuesday.

J. E. Hugt announces in this issue that he has instructed J. W. Phillipson to sell his stock by auction at his store in Saturday afternoon from 2:30 to 4:30 and 8:30 to 10 p.m. See advt. for further particulars.

By arrangement with the Women's Institute, the Calgary Canuck Club players will produce at the Didsbury Opera House, on Friday, April 16th, the three-act English comedy, "Uncle," followed by a dance.

The Women's Institute will meet at the home of Mrs. E. Reitzel's on Tuesday April 13th, instead of April 9th, at 2:30 p.m. A very interesting program is being arranged by Mrs. J. R. Miller, all members and visitors are invited.

For Saturday, April 10th, the Didsbury Opera House has arranged to show "The Hunchback." Those familiar with Victor Hugo's works will realize that this is a picture not to be missed. On Wednesday April 14th will be shown "That Royal Girl."

The W.C.T.U. will hold their regular meeting at the home of Mrs. Roppel, on Monday, April 12th, at 2:30 o'clock. A paper will be given on "Organized Mother Love" by Mrs. Hehn. A special request that all members be present. Others are also invited. The above meeting was to have been held on April 8th, but owing to a death in the family of one of the members a postponement was made to April 12th.

We regret very much to have to announce this week the death of Hazel Beatrice, daughter of Mr. and Mrs. H. A. Bricker, who died on Wednesday morning, at Calgary, at 2:30 p.m., following an attack of sleeping sickness. The young girl had been attending normal with a view to taking up teaching as a profession, and just over a week ago was suddenly taken ill. The funeral will take place to-morrow (Friday) afternoon from the family residence.

MUNICIPAL DISTRICTS IN GOOD SHAPE

The report of the Department of Municipal Affairs for 1925 shows that the net revenue of the Department for the year was \$3,169,665.74. A total of 61 municipalities in the Province did not borrow any money in 1925. Of the 408 which borrowed money, all but 28 re-paid in full the borrowings made during the year. The villages of the Province reduced their debt by twenty per cent. which allows for new issues to total \$6,800. The towns reduced their indebtedness by ten per cent., this allowing for new issues totalling \$30,975. The general condition of all municipalities is stated to be satisfactory.

WOMEN'S INSTITUTE CONVENTION

The Convention of Women's Institutes of Alberta will be held in the Palliser Hotel, Calgary, on May 26, 27 and 28 next. Mrs. Huyck of Strome, is president of the Institutes.

Cultures for Legumes.

The Provincial Department of Agriculture, through the Vermilion School of Agriculture is now in a position to distribute large quantities of cultures for legumes, at a cost of 35c per bottle postpaid, the cultures being for the following legumes: Mammoth Red Clover, Crimson Clover, White Clover, Yellow Sweet Clover, Common Garden Pea, Vetches, Sweet Peas, Garden Beans, Alsike or Swedish Clover, Egyptian Clover, White Sweet Clover, Alfalfa, Field Peas, Broad Beans, Perennial Peas, Scarlet Runner Beans. It requires one bottle of culture to inoculate 60 lbs of the clovers and alfalfas, while one bottle of culture will inoculate 120 lbs of peas, vetches and beans. This difference is due to the size of the seed. Distribution of these cultures commenced April 1.

WHEN BETTER AUTOMOBILES ARE BUILT, McLAUGHLIN-BUICK WILL BUILD THEM.

A Land of Opportunity and Service

Canada, and Western Canada in particular, has frequently been described as a young man's country—a country in which the humblest boy possessed of ability and energy, plus ambition, has an opportunity of rising to the top in any walk of life he may choose, and of achieving the highest position which it is within the power of his fellow citizens to bestow. Over and over again has the correctness of this opinion been verified in the lives of young men who have risen to positions of influence and power in this country whereas they probably would have led uneventful lives had they remained in their old environment.

It is doubtful, however, if quite so striking an example of the rapid rise of a young man from very humble surroundings to a high and honored position has ever been afforded as in the case of Hon. Charles A. Dunning, until a few days ago Premier of Saskatchewan and now Minister of Railways and Canals in the Dominion Government. The story of Mr. Dunning's life since coming to Western Canada reads like a romantic fairy tale.

Mr. Dunning has not yet reached his forty-first birthday, having been born in Leicestershire, England, on July 31, 1885. As a youth of 17, and delicate in health, he emigrated to Saskatchewan and began work as a farm hand. The following year he homesteaded at Beaverdale, Sask., and, like all new settlers without worldly wealth, began to break his quarter section and erect his log and sod buildings. In the year prior to Mr. Dunning's arrival in what is now the Province of Saskatchewan, the Territorial Grain Growers' Association was organized, and the newly-arrived English lad soon identified himself with the "Local" in his district, and thus commenced to render public service and climb the ladder of fame.

Within a few years he was a director of the Association, then vice-president for four years. During this period the Saskatchewan Co-operative Elevator Co. was created, and Mr. Dunning was appointed its first General Manager, which position he held for six years, developing the infant Company until it reached the position of being the world's greatest initial grain handling concern. Then, in 1916, when W. M. Martin succeeded Walter Scott as Premier of Saskatchewan, he called Mr. Dunning to his cabinet as Provincial Treasurer, and, with the possible exception of Quebec, no Province's finances were better handled during the last of the war years and during the difficult years of readjustment and depression that followed than were those of Saskatchewan.

In 1922, Mr. Martin retired from the Premiership, and Mr. Dunning was the unanimous choice of the Liberals of Saskatchewan as his successor. Thus within nine years of arriving in Saskatchewan, and at the early age of 26, Mr. Dunning was General Manager of one of the Dominion's biggest companies; at the age of 31 this English emigrant lad was a cabinet minister; at 37 he was Prime Minister of the Province. What other country can offer a parallel to such a record?

During the war Mr. Dunning threw his abounding energy and organizing abilities into the task of furnishing the wherewithal to enable Canada and the Empire to worthily and successfully play their part. He was chairman of the Victory Loans campaigns in Saskatchewan for three years in succession, and Director of Food Production in Canada during the last critical year of 1918.

And now, secure in the Premiership, with an overwhelming majority in the Legislature following an election of less than a year ago, Mr. Dunning relinquishes a safe and comparatively easy position to go to Ottawa and take over one of the heaviest and most responsible portfolios in the Dominion Government. And those who know him most intimately are agreed that he does so in order that he may thereby render still greater service to the country of his adoption and the Empire which gave him birth.

It is well for Canada that it can provide such opportunities for advancement to its people, and it is even better for Canada that when the occasion and the need arise, her sons are willing to give her their very best in effort and service.

Apart altogether from partizan feelings and affiliations, the people of Western Canada are proud of the achievements of Mr. Dunning and rejoice to have him in the Government at Ottawa at a time when strong men, filled with initiative, and capable of safe but progressive leadership are urgently needed. Although a Westerner by his own choice, and fully seized with the problems and needs of this section of the Dominion, Mr. Dunning's vision is not restricted to the prairies. He will approach and deal with Canadian problems, not from any narrow or sectional viewpoint, but in the interests of Canada as a whole.

Knowing the West as he does and its enormous possibilities, he will apply his energies beneficially for the West, not because it is the West, but because thereby the welfare and prosperity of Canada as a national unit will be advanced. Political friend and political foe will, therefore, be found uniting in a hope that the same unbroken record of successful achievement which has marked his career in the past will be surpassed in the larger arena of national affairs. It is Canada which will be the gainer thereby.

Children Cry for

To avoid imitations, always look for the signature of *Charl H Fletcher*. **Absolutely Harmless—No Opiates.** Physicians everywhere recommend it.

Latest Idea In Surgery

Alberta Professor Discovers Medicine That Hastens Recovery Of Broken Bones

Medicine to speed up recovery from broken bones is the latest idea in surgery.

Bones consist largely of calcium phosphate, and after a fracture, fresh quantities of this substance must be taken from the blood for the formation of new bone. The healing process is slow owing to the small quantity of calcium and phosphorus in the blood.

Professor Collip, of the University of Alberta, Edmonton, obtained from the parathyroid glands an extract which, when injected or given by the mouth, increases the amount of both calcium and phosphate in the blood. The parathyroids are four small glands in the neck near the thyroid gland, or embedded in it.

Not Concerned Over Casualties

U. S. Calmly Accepts High Death Rate From Auto Accidents

In the United States the death rate from automobile accidents is forty-eight every twenty-four hours, with 100 injured in that period. The most peculiar fact associated with these figures, according to statisticians who are studying them, is that the people show little or no concern over the large casualty rate, although if war were taking that many every day there would be great excitement about it.

COLOR IT NEW WITH

"DIAMOND DYES"

Just Dip to Tint or Boil to Dye

Each 15-cent package contains directions so simple any woman can tint soft, delicate shades or dye rich, permanent colors in lingerie, silks, ribbons, skirts, waists, dresses, coats, stockings, sweaters, drapery, coverings, hangings—everything! Buy Diamond Dyes—no other kind—and tell your druggist whether the material you wish to color is wool or silk, or whether it is linen, cotton or mixed goods.

Through Service For Steamship Passengers

Canadian Pacific Railway Inaugurates Through Tourist Sleeping Car Service

For the convenience of western passengers enroute to the Old Country, the Canadian Pacific Railway have inaugurated a through tourist sleeping car service from Winnipeg to Saint John, N.B.

These cars will leave Winnipeg on "The Imperial" at 10:00 a.m. every Tuesday until April 20th, providing through service to the ship's side at Saint John.

This service will prove extremely popular with passengers from the prairie provinces, eliminating as it does, changing trains at Montreal.

Victims Of Wild Animals

Over 3,000 People Killed In British India Last Year

In British India alone last year it is reported 3,605 persons were killed by wild animals and 20,000 died from snake bites. Tigers accounted for 1,693 deaths; wolves for 835; leopards for 464; and crocodiles took the lives of 213. The wild pigs killed more than 100, bears and elephants about 70. During the year about 23,000 wild animals were killed, so that the ratio of human to wild animal deaths in the jungle is only about one to six.

There is nothing repulsive in Miller's Worm Powders, and they are as pleasant to take as sugar, so that few children will refuse them. In some cases they cause vomiting through their action in an unsound stomach, but this is only a manifestation of their cleansing power, no indication that they are hurtful. They can be thoroughly depended upon to clear worms from the system.

No man will ever be bored as long as you talk to him about himself.

What Rheims Requires

Restoration is Almost Complete But City Needs Population

There is one city in the world, at any rate, in which there is no shortage of houses.

Rheims was practically destroyed during the war, but it has been rebuilt. It has fine houses, fine shops and fine factories, but the factories lack workers, the shops lack customers, and the houses lack inhabitants. So the reconstruction committee is publishing the needs of Rheims in the newspapers of Paris, where people are at their wits' ends to find room to live. There should be a quick migration.

Rheims Cathedral is not as far advanced in reconstruction as the rest of the city. Its restoration will take thirty years to complete, but it is hoped to have it sufficiently advanced so that services may be held there next Easter.

The skins of sharks, porpoise and other kinds of fish have been developed into excellent commercial leather.

Nervousness, Dizzy

Spells and Heart Trouble Relieved

Mrs. S. Widerman Used Dodd's Kidney Pills

Ontario Lady Has Had No Return of Her Troubles Since Taking Dodd's Kidney Pills Four Years Ago.

Newmarket, Ont.—(Special)—Once again Dodd's Kidney Pills have proved their inestimable value in the case of Mrs. S. Widerman, a well known resident of this place. She writes: "My back would pain me so at times I could hardly straighten myself. When I used to stoop down I would get dizzy spells. My husband told me to try Dodd's Kidney Pills. I used four boxes and can say I have not been troubled since with either of the things I have mentioned and that is over four years ago. I work every day."

That Mrs. Widerman's trouble came from the kidneys is evidenced by the relief she got from Dodd's Kidney Pills. When the kidneys become clogged or out of order, the circulation becomes sluggish, the impurities are not strained out of the blood and the result is weariness and lack of energy all over the body.

George Westinghouse was born in New York, where he worked in his father's machine shop.

FOR NEURITIS

ASPIRIN

Proved safe by millions and prescribed by physicians for

Neuritis Colds Headache Lumbago
Neuralgia Pain Toothache Rheumatism

DOES NOT AFFECT THE HEART

Safe

Accept only "Bayer" package which contains proven directions.

Handy "Bayer" boxes of 12 tablets.

Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monosaccharide of Salicylic Acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross".

THE PROBLEM OF THE WORLD WAR'S HERITAGE

London.—The problem of the world war's heritage of inter-allied debts was given a periodical airing in the House of Commons and Winston Churchill, chancellor of the exchequer, and Phillip Snowden, Laborite and former chancellor, who are poles apart politically, joined hands in the house in agreeing that the burden of responsibility for the war debt difficulties rests on the United States for refusing to adopt a policy of all-round cancellation.

Mr. Snowden precipitated the debate in the hope of helping to bring Great Britain's recalcitrant continental creditors to terms, and he spared neither the United States, France nor Italy in the scathing bitter criticism for which he has a reputation.

With ministerial responsibility associated with his utterances, Mr. Churchill restrained his statement somewhat, and on the whole was hopeful of obtaining from Great Britain's debtors the necessary £33,000,000 sterling which this country is now paying to the United States annually. And thus the chancellor of the exchequer believes the British Government will be enabled to carry out the principle of the Balfour note, whereby Great Britain declared her intention of collecting from her continental allies only sufficient sums to pay her indebtedness to the United States.

Mr. Churchill described the undertaking to pay £100,000 sterling daily for more than three generations of the nation as "one of the most stupendous tasks and burdens ever assumed by any country in the whole world's history."

May Expect Large Orders

Australia Will Buy Canadian Newsprint Says Melbourne Editor

Vancouver.—Canada may expect a third or half of the Australian newsprint orders, running more than a million pounds sterling as a result of the Australian-Canadian trade treaty, according to Keith Murdoch, editor and general manager of the Melbourne Herald, who arrived in Vancouver from the Orient on the Empress of Asia, enroute to London, England.

At first the treaty appeared to favor Canada. Sale of dried and canned fruits from Australia in this country, he thought would depend upon the attitude of exporters in Australia. It might be advantageous to have a resident Australian trade commissioner in this country, or some representative or the manufacturing and export houses.

Conditions in Australia were bright he observed.

Will Protect Soviet Delegates

Russian Representatives Invited To Disarmament Talk In Geneva

Geneva.—The text of a letter embodying a final appeal to Soviet Russia from the League of Nations council to participate in the disarmament studies in Geneva has been made public. It shows that the council upholds the attitude of the Swiss Government that Moscow should not expect different treatment from that accorded to the representatives of the other countries invited.

The letter emphasizes that Switzerland has promised every measure of protection for the Soviet delegates, thus seeking to remove fears that Geneva might be the scene of incidents similar to that in Lausanne in 1923 when Vorovsky was assassinated.

Will Discuss Locarno Pact

Canadian House of Commons Will Have Opportunity After Easter

Ottawa.—The House of Commons will be given an opportunity to discuss the Locarno agreement shortly after the Easter recess. Premier King, in answer to a question by Dr. P. McGibbon (Conservative, Muskoka), stated that if members were anxious to discuss the agreement, he would see that an opportunity was given. He observed that the agreement was not yet in effect. Consequently, there did not appear to be any great need for haste in discussing it.

Lloydminster Oil Discovery

Recent Find Promises To Result In An Oil Boom

Saskatoon.—What promises to be an oil boom has started in the town of Lloydminster, Sask., with a number of claims already filed with the Dominion lands office at Prince Albert, where \$1,600 was taken in last Saturday.

It was a cow that made history by setting fire to the old city of Chicago. A cow, or rather cattle, have been the authors of the present excitement in the northern town, which, with the announcement that it will be made the divisional point of the new Canadian Pacific line, has made the place a booming settlement.

For the past two years John Martin, a farmer 12 miles south of town, on the Saskatchewan side of the Alberta boundary, has had difficulty in making his cattle drink the water from a 160-foot well situated on his property. Recently, at the instance of a visitor from Edmonton who was interested in oil development, a sample of the bottom of the shaft was sent to the University of Alberta for analysis. The answer from the analyst was that the sample was 75 per cent. of what is known as distillate, an even purer form of liquid fuel than the sticky, muddy liquid drilled in the Wainwright field, with which, according to the professor, this Lloydminster discovery has a geological connection.

Prepare Italians For Emigration To Canada

Premier Mussolini Advises Sending Southerners to Northern Italy

London.—Premier Mussolini, of Italy, proposes transferring Southern Italians to Northern Italy, where they can be acclimatized preparatory to emigrating to Canada and establishing what he calls "emigration centres."

This purpose was revealed by Senator Dandurand, of Montreal, in an interview with the British United Press. Senator Dandurand said he recently saw a letter from Mussolini to Miss Garibaldi, who went to Canada to see if it would be possible to establish an Italian township. She found, he said, that Canadians everywhere said, "Don't send Southern Italians, send northerners. For this reason Mussolini has started this way out of the difficulty and is seriously working out his scheme for preparing his countrymen for life in Canada."

Senator Dandurand said, "Something audacious like this is needed to overcome the unemployment problem in England. Agricultural training centres should be created in England for preparing emigrants for their life in Canada."

Manitoba Sells Elevators

United Grain Growers Purchase String Of Eighteen Elevators From Government

Winnipeg.—Sale of 18 of the Manitoba Government elevators to the United Grain Growers' Limited, was consummated by orders-in-council signed by Lieutenant-Governor Sir James Aikens today.

The sale price involves a total of \$101,000, the prices received for individual elevators ranging from \$1,000 to \$9,000.

The company previously had purchased 43 of the government-owned elevators and at present holds 56 on lease which expires in the fall of 1927.

An Epochal Event

Radio Delivers Message To School Room In Toronto

Toronto, Ont.—Mrs. Adelaide M. Plumptre, member of the board of education, speaking at a mother and son banquet, said that so far as she knew for the first time in Canada pupils in some of the high schools of Toronto sat in their classrooms one afternoon recently and heard the radio deliver its messages to them. She thought it an epochal event, not only in the history of this country, but in an age when so many remarkable things were being achieved.

Prorogue Quebec House

Quebec.—The third session of the fifteenth legislature of Quebec was prorogued by Lieutenant-Governor Narcisse Perreault. The session opened on January 7.

PAYS TRIBUTE TO DOMINIONS FOR SUPPORT

London.—Sir Austen Chamberlain opened his speech in the House of Commons debate on the Geneva situation by saying he wished to pay a debt to the dominions and India which pressed strongly upon him. There were present at Geneva during the arduous and anxious fortnight he passed there, representatives of all the British dominions and India, and it was his good fortune throughout to be in the closest touch and consultation with them.

They all met almost daily in his room, Sir Austen said, and communications of the most confidential nature passed among them more than once daily. He desired to express the debt that he owed them for the sympathy and support which they had accorded him in one of the most difficult tasks that it had ever been his lot to confront.

Egyptians Recognize Prestige Of Britain

Majority Realize What Empire Has Done For Their Country

Ottawa.—An optimistic outlook for Egypt and its relations with Great Britain was given by Viscount Allenby, until recently high commissioner in that country, in an address following a luncheon by the Canadian Club here.

The victorious commander of the Palestine campaign was given an impressive welcome by a distinguished audience.

The prestige of Great Britain in Egypt, Lord Allenby said, was never greater than it is today. There is a real feeling of recognition on the part of the majority of the Egyptians for what Britain has done for their country.

Loaned To Canada

His Majesty King George Offers Valuable Casket To Be Preserved In Canadian Building In London

London.—His Majesty King George has offered Hon. P. C. Larkin, Canadian high commissioner in London, for preservation in the Canadian building in London as a permanent loan, the handsome casket which contained the address presented to King Edward by the survivors of the war of 1812-14, at Queenston Heights in 1860, when King Edward, as the Prince of Wales, was a visitor in the Dominion.

The casket is of black walnut, Canadian oak and Canadian maple. It is of beautiful workmanship and is richly carved, and on it is a representation of the Prince of Wales' plume.

During the week a number of bills were advanced to the committee stage.

Last Week In The Alberta Legislation

Healthy Financial Condition of the Province is Shown in Budget Speech

Edmonton.—The shortest budget debate on record concluded on Monday evening, the proceedings being confined to one day, excepting the budget speech by the provincial treasurer, Hon. R. G. Reid, made on Thursday. Two opposition and four government members spoke.

In presenting the budget, which called for an estimated expenditure of \$11,677,862.93, and revenue of \$11,699,852.39, leaving a surplus of \$21,989.46, Mr. Reid commented on the healthy financial condition of the province. The proportion of all local taxation including provincial and municipal, to production was 7.7 per cent., the lowest of any province west of Quebec.

Reviewing the situation during the five-year tenure of the Farmer Government, Mr. Reid said that they had been able to effect big economies, controllable expenditure having been reduced \$1,179,394.57.

J. C. Bowen, opposition leader, criticised the administration of the government, stating that greater economies should be effected. The other speakers in the debate were W. T. Henry, Liberal, Edmonton; Hon. Geo. Headley, minister of agriculture; W. N. Shields; H. F. A. Macleod; Russell Love, U.F.A.; Wainwright; and Donald Cameron, U.F.A., Innisfail.

A number of others had intended to speak, but the debate collapsed on account of the Liberals not having their speaker ready.

Several hours debate took place on the new Factory Act, which provides for a general fifty-four-hour week in factories, workshops, stores, etc., with power given to the lieut.-governor-in-council after January 1st, 1927, to declare for a forty-eight hours week. It was stated during the debate that eighty per cent. of the organized industries of the province were already on an eight-hour basis.

The act was given second reading, but the government will introduce some amendments during the committee stage to meet representations made.

During the week a number of bills were advanced to the committee stage.

Canon Cody Honored

Toronto.—Rev. Canon H. J. Cody, of Toronto, has confirmed the announcement that he had been invited to preach the first English sermon of the seventh assembly of the League of Nations in Geneva, September 12. He has accepted the invitation.

Canon Cody is the first Canadian to receive this honor.

May Be Governor-General

London.—Lord Cromer is going to Canada next July. It is learned on the highest authority, in connection with the governor-generalship.

SAYS GRAIN RATE RESULTS IN LOSS TO RAILWAYS

Ottawa.—On handling grain west of Fort William the Canadian National Railway lost \$12,000,000 in 1923 and 1924—approximately \$6,000,000 each year—according to evidence given before the board of railway commissioners by F. J. Watson, of the Canadian National Railways, at the hearing of the application of the Quebec harbor commission for a lower grain rate on the National transcontinental line.

Mr. Watson added: "We are handling a lot of high-class traffic at the same time which compensates us for this loss." The figures for the 1925 grain handling were not at present available and Mr. Watson said he was not familiar with the figures east of Fort William.

Deputy Chief Commissioner Vien wanted to know how the figures of the losses on the grain trade were arrived at. The reply was that the company was prepared to show the accounting to the board, but was not willing to have it made public. Mr. Vien argued that the parties interested in this case "had an inherent right" to know how this loss was arrived at. Such a statement must be justified.

Kept Lighthouse Lamp Going

Fourteen-Year-Old Girl Was Alone For Three Nights on Isle of Wight

London.—The light in St. Helen's lighthouse, near Cambridge, on the Isle of Wight, was kept flashing for three nights by the 14-year-old daughter of the lighthouse keeper, Langton.

The girl was marooned there without food, except one loaf of bread and a small piece of cake, but nevertheless she carried out her father's duties valiantly.

Langton and his wife rowed ashore in a rough sea to fetch food and oil to the lighthouse, says The Daily Mail. While they were ashore the sea rose in its fury, and notwithstanding several attempts made in a lifeboat and motor boat the father and mother were unable to return to the beacon.

Aside from an anxiety for his daughter left alone in the lighthouse with scarcely any food, Langton worried as to whether she would realize the necessity to light the lamp, which is one of the most important ones along the coast. Great was his relief when the light beamed punctually, and remained flashing throughout the night.

As the flash worked regularly while Mr. and Mrs. Langton were ashore, it was evident that the girl kept awake at night and wound every hour the clockwork apparatus which turned the light.

Will Not Postpone Conference

Imperial Parley Will Take Place in October As Arranged

London.—The imperial conference arranged for next October will not be postponed according to the most reliable information, although representations to this effect have been made to the government since the disaster at Geneva.

It is pointed out to those who suggested postponement that the next meeting of the league council is scheduled for September, while the imperial conference is to take place in the month following. It may be possible therefore for Dominion representatives to attend both gatherings which would be a great benefit all round.

Holds Double Portfolio

Ottawa.—Hon. Ernest Lapointe, minister of justice, has also become secretary of state. Mr. Lapointe will thus hold a double portfolio although the identity of the two departments will remain. The appointment does not involve a by-election. Mr. Lapointe was sworn in as secretary of state in the presence of the governor-general and of the prime minister.

Gifts For King and Prince

Santa Clara, Cal.—Two Angora goat skins destined to be a present to King George of England and the Prince of Wales, are on exhibition here. The skins were selected by the Prince on his Alberta ranch and have been undergoing a dyeing and tanning process here. They will be shipped to England next week.

Sir Henry Walford Davies

World-famous exponent of the educational and national value of music, who will be a delegate to the third triennial conference of the National Council of Education to be held in Montreal, April 5-9. Sir Henry is a pioneer in community singing and has composed a number of well-known choral works for English musical festivals, among them being the music for "Everyman," originally produced at Leeds and frequently repeated.

H. E. Roppel, pastor

The annual business meeting of the Ev. church was held on Wednesday evening, March 31, with a good representation of all the departmental officers in attendance. The election of trustees, stewards and other church officers took place as usual. Mr. Geo. Liesemer was again appointed as choir leader and his daughter Miss Laura as organist. Other elections of less interest to the public but no less important are too numerous to mention here.

The financial reports indicated an unusual degree of generosity exercised by the church attendants during the past year. This congregation has always supported a large budget but with paying off the remainder of a building loan of several years standing, plus property insurance and moving expenses for the present pastor, including other extra expenses this year, the budget receipts and expenditures have reached "the high water mark" of nearly \$6,000.00. Of this amount over \$900.00 was given for missionary and benevolent work. It may also be worthy of note to say that there was no admission fee or charge for any of the numerous programs rendered during the year. But best of all there is still a little balance of credit on hand in each of the departmental treasuries. This fact gave rise to a discussion and resolution favoring some church improvements, painting, etc. which will be taken care of in the near future.

The Easter program, given last Sunday evening, in the form of a cantata "From Cross to Glory" was enjoyed by a large audience. The church was full to the overflowing. It is estimated by the ushers that there were 300 people in attendance. According to public testimony the various scenes on the platform, at the tomb, etc., and the program as a whole made a great impression on those in attendance. Much credit is due to the choir and all others who took part in the program as also those who assisted in the decorating for the occasion.

A very pleasant hour was spent last Tuesday evening at the home of Mr. and Mrs. J. V. Berscht in honor of Mr. and Mrs. Manhard who are moving to Calgary on Thursday of this week. About thirty of the Ladies' Aid members and their husbands were in attendance. After spending the forepart of the evening in visitation and wholesome entertainment afforded by the courtesy of the host and hostess in their beautiful and spacious home, all shared in a delicious lunch prepared for the occasion. Mr. and Mrs. Manhard have won many friends for themselves here in Didsbury whose very best wishes for success and true happiness follow them to their new home in Calgary.

MUNICIPAL DISTRICT OF MOUNTAIN VIEW NO. 310

Arrangements have been made with the drug stores at Olds and Didsbury and with the Mayton store to supply the farmers of the Municipality of Mountain View No. 310 with one package of gopher poison for every one purchased and paid for by the farmer and in addition a bounty of 1 1/2 cents per tail will be paid by the Municipality for Gophers caught within the Municipality. Tails may be handed to the councilors or overseers for checking.
